

Washington Man Makes Bow Before Yale Student Body As Football Coach

YALE IS SATISFIED WITH JOHN FIELD TO BE HEAD COACH

Washingtonian Makes Best Impression at Football Meeting.

PLANS FOR NEXT FALL DISCUSSED

Spring Practice Work Outlined, With Forward Pass in Favor.

NEW HAVEN, April 11.—Yale undergraduates are today satisfied that no mistake was made in the selection of John Field, of Washington, as head coach of the football team of next fall. In the trophy room of the gymnasium, last night, fifty men, upon whom Yale will depend for her eleven, listened to speeches by those who will direct the team, and, next to Walter Camp, Coach Field made the greatest impression on the gathering.

Tribute to the Team.
Mr. Camp paid a tribute to the team last fall, which came up after the Brown defeat by beating Princeton and tying Harvard, and to Captain Bigelow's team three years ago, but he said that in them there was a note of warning, as well as that, these Garrison finishes were becoming entirely too frequent at Yale, and that some time if Yale wasn't careful Harvard or Princeton would get a lead and Yale would slip up on the Garrison finish.

He spoke of the detail of the work to be done in the spring practice and of the development of the line and the secondary defense. Finally he said that in the new game the idea of weight making strength had passed and that speed and persistency were the qualities needed for the men.

Outlined Practice Work.
Field outlined the work for the spring practice. He said it would be entirely preliminary, consisting of punting, catching punts, falling on the ball, and work with the forward pass.

From his talk and from that of Mr. Camp and Captain Howe, it was apparent that Yale would use the forward pass in the coming fall more than in any previous year, and that every effort will be made to perfect this play. Coach Field urged the men to develop speed and practice for this, to go out for track work. Trainer Mack said he would train the men in the sprints and thus they would become better able to run in the fall.

The final speaker of the evening was Captain Howe, who said that the Yale team had been weakened on various occasions because the men were behind in their studies. His plea was for the men to study during the spring, so that they would be eligible for the team in the fall.

Arrangements Made for Annual Poultry Show

Arrangements for the annual Washington poultry show, probably next December or January, have been made by the Columbia Poultry and Pigeon Association. The Masonic Temple is the tentative site selected for the exhibition.

At a meeting of the association yesterday afternoon at the Colorado building, the following officers were elected: Henry J. Hunt, president; Calvin Hicks, first vice president; John R. Risdon, second vice president; C. B. Krogmann, treasurer; W. F. Dismar, secretary; and Henry J. Hunt, Jr., R. Risdon, Calvin Hicks, C. B. Krogmann, W. F. Dismar, Washington Waters, E. C. Duff, A. T. Goldborough, W. H. Schultz, Lee Pitchman and J. D. Sumner, directors.

Permanent Home for Aero Club of America

NEW YORK, April 11.—The Aero Club of America is about to locate in a new permanent home. The handsome five-story residence at 267 Madison avenue will be leased and the club house, the first aero club house in the country, will be one of the most pretentious in the city. The club expects to move in about a month.

Old Paving Blocks.
Wooden paving blocks laid in 1870 were discovered, in good preservation, in the New Willard alley in recent excavations. The blocks were replaced in 1874 by asphalt.

MALARIA

Where all else merely relieves

ELIXIR BABEK

WILL CURE

ELIXIR BABEK is a Southern remedy for an ailment best understood in the south and in all hot countries, where malarial conditions prevail. No part of the United States, however, is free from the dread scourge which saps vitality and exposes the system to the attacks of malignant disease. HOT WEATHER is coming on. It, instead of warning, instigating, there is a chill feeling of winter lingering in your blood. MALARIA is yours, and ELIXIR BABEK will cure it—taken in time will prevent it.

USED ONLY HALF A BOTTLE

Washington, D. C., Oct. 15, 1900.
Gentlemen: This fall my little girl was again attacked by malaria. I sent for a bottle of ELIXIR BABEK, and I must say it has passed my most sanguine expectations. She has entirely gained her normal condition and has no signs of a return of the dread disease. One-half bottle only was used.

GEORGETOWN SAVED BY FIENLE'S GREAT WORK ON THE SLAB

Holds Cornell Down to a Tie Game in Ten-Inning Battle.

Fienle's great work in the box is being attributed by Georgetown students as the greatest factor in keeping the Blue and Gray team from defeat in yesterday's game with Cornell at Georgetown Field, which resulted in a ten-inning tie, 4 to 4.

The Red and White batsmen were getting entirely too familiar with O'Connor's curves, and the pitcher's own wildness had gotten him into serious trouble when Fienle was called to the rescue in the fourth. Thereafter the run-getting stopped. Cravajal was on the firing line for the Ithacans, and he was as wild as a March hare, Georgetown getting the tying run simply on the strength of four gifts handed out in the eighth inning.

Murphy again met one of Cravajal's slow curves for a drive over the bank and circled the bases. Furry carried off the batting honors for the Blue and Gray team, with three clean drives, while Howard, the American Security and Trust star, with the Cornell team, made three hits and brought in two of the runs made by his team.

Wild heaves by O'Connor and Furry played a prominent part in the scoring of the Red and White team in the fourth inning. Georgetown plays Fordham at Georgetown Field Thursday.

Sixth Team Lacking In Railroad League

Owing to inability to select a team to compete the six-team circuit of the Railroad Y. M. C. A. League, at a meeting held at the Union station, last night, that organization will meet on next Monday night to reconsider the matter. There had been two vacancies in the league, but the team representing the Baltimore and Ohio railroad was taken in at the meeting last night. This club looms up as strong contenders in the Railroad League, and the officials are pleased with the choice.

Red and Blue Ready For Southern Trip

PHILADELPHIA, April 11.—Manager Scott announced today that the Pennsylvania nine is ready for its Southern trip. The team, twenty in number, will leave on Friday morning for Atlantic City. The Red and Blue plays Dartmouth at the shore on April 14 and 15.

On the morning of April 17 Penn will leave for Baltimore, where it is scheduled to play Johns Hopkins on the same afternoon. The team leaves at 10 p. m. the same day for Charlotte, Va., where it will play on April 18 and 19, returning for a one-day rest at Washington on Thursday, to be followed by the game with Georgetown in Washington on April 21.

Bankers' League.

The adoption of a schedule and constitution are to be discussed at the meeting of the Bankers' League, late this afternoon in the board room of the American Security and Trust Company. This meeting was postponed on a couple of occasions by the absence of one of the other officials.

Tom Johnson in Last Letter Wishes Team Success

CLEVELAND, April 11.—The Cleveland baseball club has received a letter from Tom L. Johnson, who died yesterday, wishing the members success during the season of 1911 and that they will come home pennant winners.

After having been aroused from the coma in which he had been for twenty-four hours Sunday afternoon, Mr. Johnson asked for the letter which he had dictated several days ago. With a feeble hand he inscribed his name to it and then sank back on the pillow smiling. "I probably won't be able to attend the opening game," the letter read, "but don't let that make any difference. Go ahead and win."

Athletics Add Title of City Champions to List

PHILADELPHIA, April 11.—There were two victors in the game at Shibe Park yesterday afternoon. By a score of 5 to 2 the Phillies won the final game of the series from the Athletics, but the world's champions were winners of the city championship three games to two. It was a fine contest, in which the winning team played the better ball. The Athletics were not without golden opportunities to take an early lead, but failed, principally by reason of a weakness with the stick.

Rural Carriers' Team Considered By League

It is likely that rural free delivery department will have a team in the Postoffice League this season. Its participation is being looked upon with favor by President C. R. Matthews. With the advent of rural free delivery the circuit would be complete, as the other five teams are ready to start. The other clubs are: Mailing, Registry, Delivery, Carriers, and Miscellaneous. The league may be an eight-club organization, and in this case the applications of Stations A and B would be considered.

Stevenson Is Feature Of Gallaudet Victory

Stevenson's heavy hitting featured a one-sided game between Gallaudet and Eastern High School yesterday at Kendall Green, the collegians winning 19 to 3. Stevenson made four hits, two being for extra bases. The high school players were helpless in the hands of Pitcher Birck, and five of them were all they were able to make off his delivery.

English Fighter's Tactics Are Resented By Fans

NEW YORK, April 11.—There is a wide difference of opinion today over the battle between Sammy Kellar, England, and Willie Jones, Brooklyn featherweight, here last night. Kellar had the better of the go in many ways, but the fans did not take kindly to the rough tactics he used and he was jeered repeatedly. At the same time, however, Benny Franklin trimmed Jeff Perry, the Welshman, with ease.

Terminal Smoker.

A highly interesting program has been planned for the smoker of the Terminal Y. M. C. A. League, which will be held on April 15, at the league's club rooms. At the conclusion of the social hour a short business session will be held to wind up whatever matters may come before the league.

TRAPTO MOTORISTS ON SHENANDOAH PIKE PASSES AWAY

"Sergeant Lago," Who Made It Warm for Tourists Two Years, Resigns.

A few miles this side of Staunton, Va., on the famous Shenandoah valley pike, is the sleepy little village of Mt. Crawford, where for two years there had been maintained the most persistent trap for automobiles in the United States.

Washington motorists in droves made use of the fine pike last summer and hundreds became enmeshed in this trap, which was conducted by an individual commonly referred to as "Sergeant Lago." It will be pleasing news to the motorists that this official has, according to reliable news, resigned his office, and has been succeeded by another officer who is said to be satisfactory in every way. The methods of Sergeant Lago caused much concern and in some quarters they were regarded as illegal. He was said to hold a stop watch and look ahead, snapping it when he got ready, guessing at the distance meanwhile covered by the motorist. If the machine had already gone through, the wily sergeant telephoned down the pike and the tourist was hauled up by a confederate. At other times Lago would, it is said, drive out, and when he saw a motor car approaching, would swerve his horse and buggy across the road to stop it.

SCHOOL INTEREST STIRRING IN FIELD AND TRACK TOURNEY

Washington to Send Strong Entry to Agricultural Meet.

The interscholastic and intercollegiate track and field meet to be held at the Maryland Agricultural College on May 20, has created a great interest among the different schools, and entries have already begun to come in.

The high schools of Washington and of Baltimore city will send their full complement of track and field men, and a number of preparatory schools have accepted the invitation to attend. The county schools of Maryland will also be well represented.

The intercollegiate meet will be a triangular one between Washington College, St. John's College, and the Maryland Agricultural College.

The running track is being widened and improved generally, and will be in prime condition for the meet.

For the benefit of inexperienced school boys throughout the rural districts, the Agricultural College has issued a pamphlet on training, which they will distribute free of charge.

From present indications the meet will be the largest one of an interscholastic character ever held in the State. The management of the meet requests any eligible school that may have been unintentionally overlooked in the distribution of entry blanks to send an application for blanks to the college.

Steady Nerves

Every one envies the man with a clear head and steady nerves.

He enjoys healthy appetite, good digestion and refreshing sleep.

These things you, too, can enjoy for yourself if you will but take a glass of Pabst Blue Ribbon beer at meal times and on retiring.

Pabst Blue Ribbon

The Beer of Quality

is universally endorsed by dietitians, because of its mild, stimulating effect on the appetite, its great aid to digestion and its soothing effect on the nerves.

Made and Bottled Only by Pabst at Milwaukee

Pabst Blue Ribbon has a delightful, appetizing flavor and an agreeable smoothness characteristic of no other beer. 'Phone for a case.

FOR A TONIC NOTHING EQUALS S.S.S.

The need of a tonic in the Spring is almost universally recognized. We have learned that a weakened, run-down system means more than "Spring Fever," as we are accustomed to refer to the physical disturbances which come at this season. Bodily fatigue, fickle appetite, poor digestion, nervousness, lack of energy, etc., prove that the proper amount of nourishment is not being supplied to the body through the circulation. The stomach, bowels and digestive members are sluggish from lack of stimulating nutrition, and in consequence the entire body suffers from the effects of a poorly nourished constitution.

The recognized importance of pure blood in preserving health emphasizes the danger of a weakened circulation. The use of a real blood-purifying tonic when the system is deranged from lack of nourishment, will often prevent the development of some serious sickness, because weak systems cannot resist disease, while healthy, well nourished constitutions are able to ward it off. No medicine is of value as a tonic except one which purifies and enriches the blood, for until this is done the body will not receive its required stimulus and disease-resisting powers.

S.S.S. is the best Spring tonic because of its genuine ability and worth as a blood purifier. It builds up the depleted system in the true way, by purifying the blood and supplying an increased amount of nourishment to every portion of the body. S.S.S. removes all accumulations and impurities from the circulation, enriches the blood, and overcomes the unpleasant physical ailments that afflict us at Spring time. It aids and improves the appetite, reinvigorates every fibre and tissue of the body and imparts healthful energy to all who are run down. S.S.S. is for sale at drug stores.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Your S.S.S. in my opinion, is as good a medicine as can be had; it simply cannot be improved upon as a remedy to purify and enrich the blood and to invigorate and tone up the system. Last Spring my blood was bad and I was run down in health, and having seen your medicine highly advertised, I commenced its use. Today my blood is in fine condition and my general health is of the best. Am filling position as fireman of a large concern here, and if I was not in good physical condition it would be impossible for me to fill the place.
